

ZICO®
LIGHTING
WORLDWIDE

YOUR PREMIUM LIGHTING SOLUTIONS PARTNER
2024 EDITION

ANNABEL'S PRIVATE MEMBER'S CLUB, LONDON

QUALITY AT HEART

Zico Lighting was founded in 2011 by lighting specialist James Miller when he realised the light bulbs he was distributing weren't meeting the stringent quality standards of his high-end hospitality clients. His solution? To set up his own company manufacturing superior quality LED filament light bulbs to meet the specific needs of the hospitality industry. And so Zico Lighting was born.

Today, true to its original values, Zico Lighting is synonymous to excellent quality, exceptional service standards and industry expertise, with our products featured in the world's finest hotels, restaurants, historic buildings and private residences.

We are proud to have long-standing, established relationships with some of the industry's top interior designers, lighting designers and architects, delivering complete lighting solutions for their exquisite interiors.

We invite you to browse through this brochure and discover Zico Lighting quality for your next project.

"We have tested Zico clear A60 GLS LED filament lamp on our standard multichannel CB Series of dimmers: they dim perfectly from 0 to 100%. I have never seen a mains dimmable filament lamp dim so perfectly and to such low stable levels, I am amazed!"

Bob Hall, Anytronics Ltd.

DECORATIVE LAMPS

Zico Lighting LED filament lamp range has long been recognised by lighting professionals for superb quality and reliability, lighting up the most exclusive, show-stopping interior designs worldwide. So it's no surprise that our fully dimmable flicker free lamps are number one choice for high-end venues, hotels and restaurants, as well as luxury private residences.

At your disposal is the range of over 120 individual combinations of shapes, colour temperatures, glass finishes and base caps; all expertly made and backed by Zico Lighting warranty.

With strong focus on quality of manufacturing, the range offers excellent compatibility with market leading dimmer brands, making it a number one choice for any project, from an upgrade of an older lighting system to a brand new lighting design.

PREMIUM FEATURES

ULTRA DIMMABLE: LEADING AND TRAILING EDGE

Zico Lighting LED lamps use highly sophisticated components. The result is an incredibly smooth dimming curve that works flawlessly across virtually all global mains dimming and control systems, delivering dimming to zero as a traditional halogen lamp.

FLICKER FREE

Through firm commitment to quality of materials and craftsmanship, Zico Lighting lamps are able to deliver consistently flicker free lighting. This technology is perfect for film and theatres, wellness centres and spas, gaming organisations, security camera operation, animal welfare and general health and wellness lighting for home and office.

HIGH CRI

With Colour Rendering Index (CRI) of up to 95 Zico Lighting lamps closely mimic natural daylight, creating a restful ambience, while perfectly showcasing depth and vividity of colours within the interior.

3 YEAR WARRANTY

By using highly specified components and latest technologies in every Zico Lighting lamp we create a premium product you can rely on. For additional peace of mind, all of our products come with up to 3 years like for like replacement warranty.

DIMMING AND CONTROLS

Designed and manufactured in the UK since 1985, ZICO by Anytronics is specified and highly regarded by lighting specialists in the film industry, theatres, cinemas, hotels, bars, restaurants as well as residential properties, where impeccable lighting is paramount to success.

DISCOVER SYSTEMS THAT DELIVER:

- > Cost effective, scalable solution built to match the project needs.
- > Excellent performance across the range of lamps, spotlights, architectural lighting and LED tape.
- > Single Control Centre manages up to 512 circuits and 512 lighting scenes.
- > Load flexibility with up to 60 4W lamps on one circuit and no minimum loading.
- > Precise dimming 0 – 100% over 250 steps for perfectly aligned lighting across all areas.
- > Comes complete for easy installation by any qualified engineer.
- > Easy commissioning: all lighting levels can be pre-set and adjusted by an electrical contractor or the end user.
- > 3 years manufacturer warranty and a dedicated support team to guide through installation and after-care.

FULLY COMPATIBLE WITH FORBES AND LOMAX MOMENTARY SWITCHES

LIGHTING MADE FOR LIVING

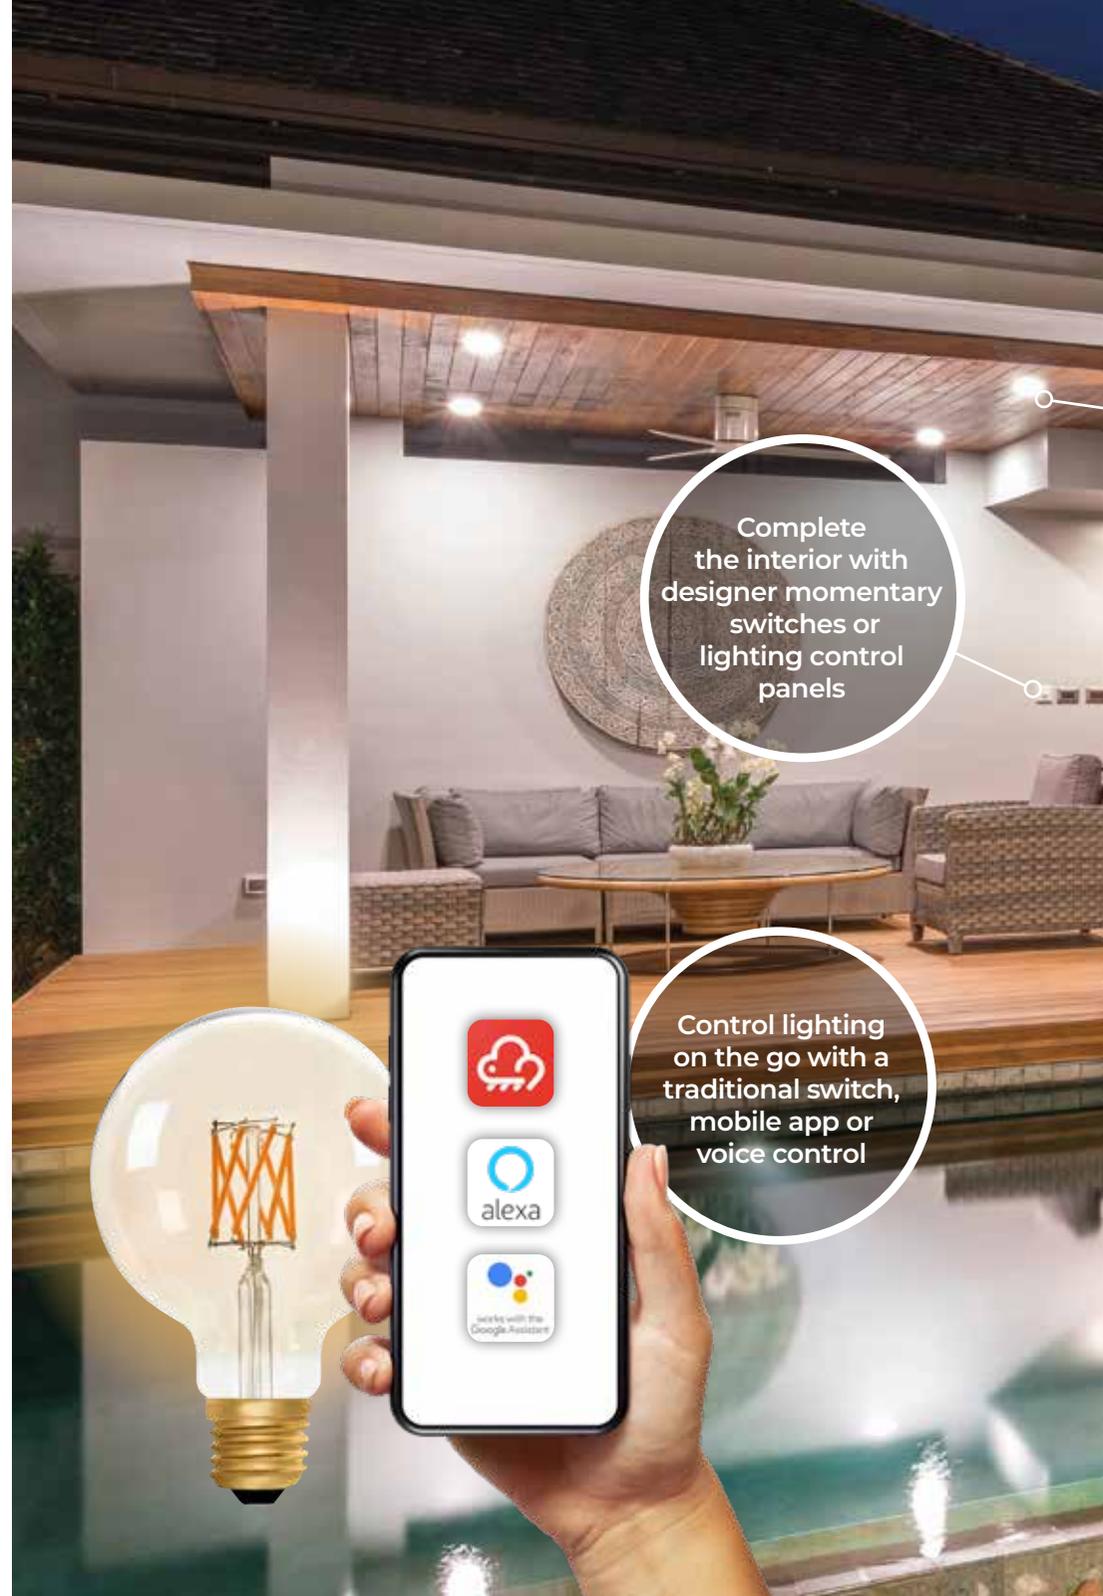

With superb dimming qualities, excellent choice of designer switch options and extension to any DMX device, ZICO by Anytronics makes an ideal solution for commercial and residential projects.

Coordinate all indoor and outdoor lighting (and more) in one system. Create lighting scenes to match daily activities. Access, set and fine-tune all scene settings at the time that suits you.*

This user-friendly uncomplicated system allows for the initial set up and adjustments to be completed by an electrician, lighting designer or the property owner, giving them the full control of their new lighting system.

The Anylight expansion module (requires Wi-Fi present) gives the user APP and voice commands, **subscription free** 8 circuits and 8 scenes of control.

*Requires ZICO by Anytronics USB dongle.

Complete the interior with designer momentary switches or lighting control panels

Control lighting on the go with a traditional switch, mobile app or voice control

Lighting when you need it: from welcome lights on arrival to lights on at dusk – save energy with light and movement sensors

Safer home with approved lighting connection to smoke and burglar alarms included as standard

Connect pool pump, water feature or any DMX device for automation beyond lighting

From bright and active to cosy and relaxed: match the mood to the moment with 512 lighting scenes created by you

ARCHITECTURAL LIGHTING

Working in partnership with some of the foremost performance architectural lighting manufacturers in the World, Zico Lighting supply a full selection of luminaires to lighting designers, interior designers and architects worldwide, helping them create the most incredible interiors and breath-taking exteriors.

The Zico Lighting portfolio comprises fixed and adjustable uplights and downlights, ranging in size, finish and technical specification, as well as outdoor spotlights, linear profiles, wall recess lights and pendants. All are from industry-recognised brands with excellent performance track records, enabling us to support even the most ambitious design.

The image shows the interior of a modern bar or lounge. A large, leafy tree is on the left, with its branches extending over the bar area. The bar is a curved, dark-colored structure with several orange bar stools. In the background, there's a well-stocked bar with various bottles. The ceiling is dark with exposed pipes and several large, curved pendant lights. The floor is dark and reflective. The overall atmosphere is warm and sophisticated.

“With Zico you can really expect fantastic quality lamps that work really well with most systems, timely delivery and personable approach. Nothing is ever a problem. Those guys will pull all stops out to make sure they deliver every time.”

Ryness Electrical Supplies

LIGHTING SERVICES

With over 10 years in the industry and a reputation for quality of products and service, Zico Lighting is a perfect partner to take the stress out of lighting.

Our support packages are fully tailored to suit individual project needs.

Working alongside the interior designer or with the customer's schedule, our team will suggest and source dimming, controls and the light bulbs required, as well as supporting efficient installation and commissioning of the full lighting system.

ZICO SERVICES INCLUDE:

- > Technical overview of the current lighting system with full recommendations on necessary and suggested improvements
- > Working alongside your interior designer and / or lighting designer to ensure the lighting system meets your requirements
- > Supply and, where preferred, installation and commissioning of lamps, dimming equipment and controls from Zico Lighting product range and through partnership with other lighting brands
- > Access to a vast range of premium architectural lighting solutions
- > Gentle restoration and rewiring of antique chandeliers, pendants, wall lights, lanterns, table lamps and other unique light fittings to their former glory
- > Start to finish project support or a one-off assessment – the choice is yours...

FANTASTIC SOUND QUALITY IN ANY ROOM

LITHEAUDIO

MEET THE **NEW GENERATION OF SPEAKERS** AND ENJOY LISTENING TO MUSIC FROM YOUR DEVICE WITH THE EXCELLENT SOUND QUALITY.

Lithe Audio Bluetooth Ceiling Speaker is an all-in-one solution for playing music directly from your device – in homes, hotel rooms, coffee shops, hair salons and spas.

Just connect the power via your lighting circuit, or simply plug into a plug socket if you prefer, then pair your tablet, smartphone or Amazon Echo and you are ready to enjoy the quality sounds of your choice.

Zico Lighting is an authorised global agent for Lithe Audio.

- > AMPLIFIER & BLUETOOTH BUILT-IN, SO ALL YOU NEED IS POWER
- > WORKS WITH ANY BLUETOOTH ENABLED PHONE, TABLET OR COMPUTER
- > FULLY COMPATIBLE WITH AMAZON ECHO AND GOOGLE HOME DEVICES
- > FAST & EASY INSTALLATION; CONNECTS TO YOUR LIGHTING CIRCUIT OR SIMPLY PLUG IN
- > FULLY SYNCHRONIZED AUDIO AND VIDEO
