

LOW VOLTAGE MICRO PIR

MICRO PROFILE | SILENT | 5M RANGE

ZICO[®]
LIGHTING
WORLDWIDE

A discreet, rear-mounted motion sensor designed for ultra-low-profile installations. Engineered for bespoke automation, it offers reliable volt-free motion detection in locations where rear access is available, such as joinery, furniture, and custom paneling up to 5mm thick.

Connect this PIR to your Zico Lighting control system, using the Zico Lighting Low Voltage PIR Interface for flawless control.

Item number: ZL-D-PIRMIC

- Volt free/dry contact output
- Totally silent
- 5v - 35v voltage requirement
- Requires Zico Lighting Low Voltage PIR Interface for connecting to Zico Lighting control system (not included)
- NO (normally open) operation
- 15mm installation hole
- Push fit cable installation. AWG 20-24
- 3M 5952F VHB tape
- 5m specified range.

COMPLIANCE

Directive 2014/30/EU (Electromagnetic Compatibility (EMC)), Directive 2012/19/EU (WEEE), Directive 2011/65/EU (RoHS), Harmonised standards: EN 61000-6-1 Immunity for residential, commercial and light-industrial environments & EN 61000-6-3 Emission standard for residential, commercial and light-industrial environments

Our products as well as the technologies behind them are subject to continuous improvements.
All specification is subject to change without notice. Please refer to our website for the most up to date information.
