YOUR PREMIUM LIGHTING SOLUTIONS PARTNER
2026 EDITION

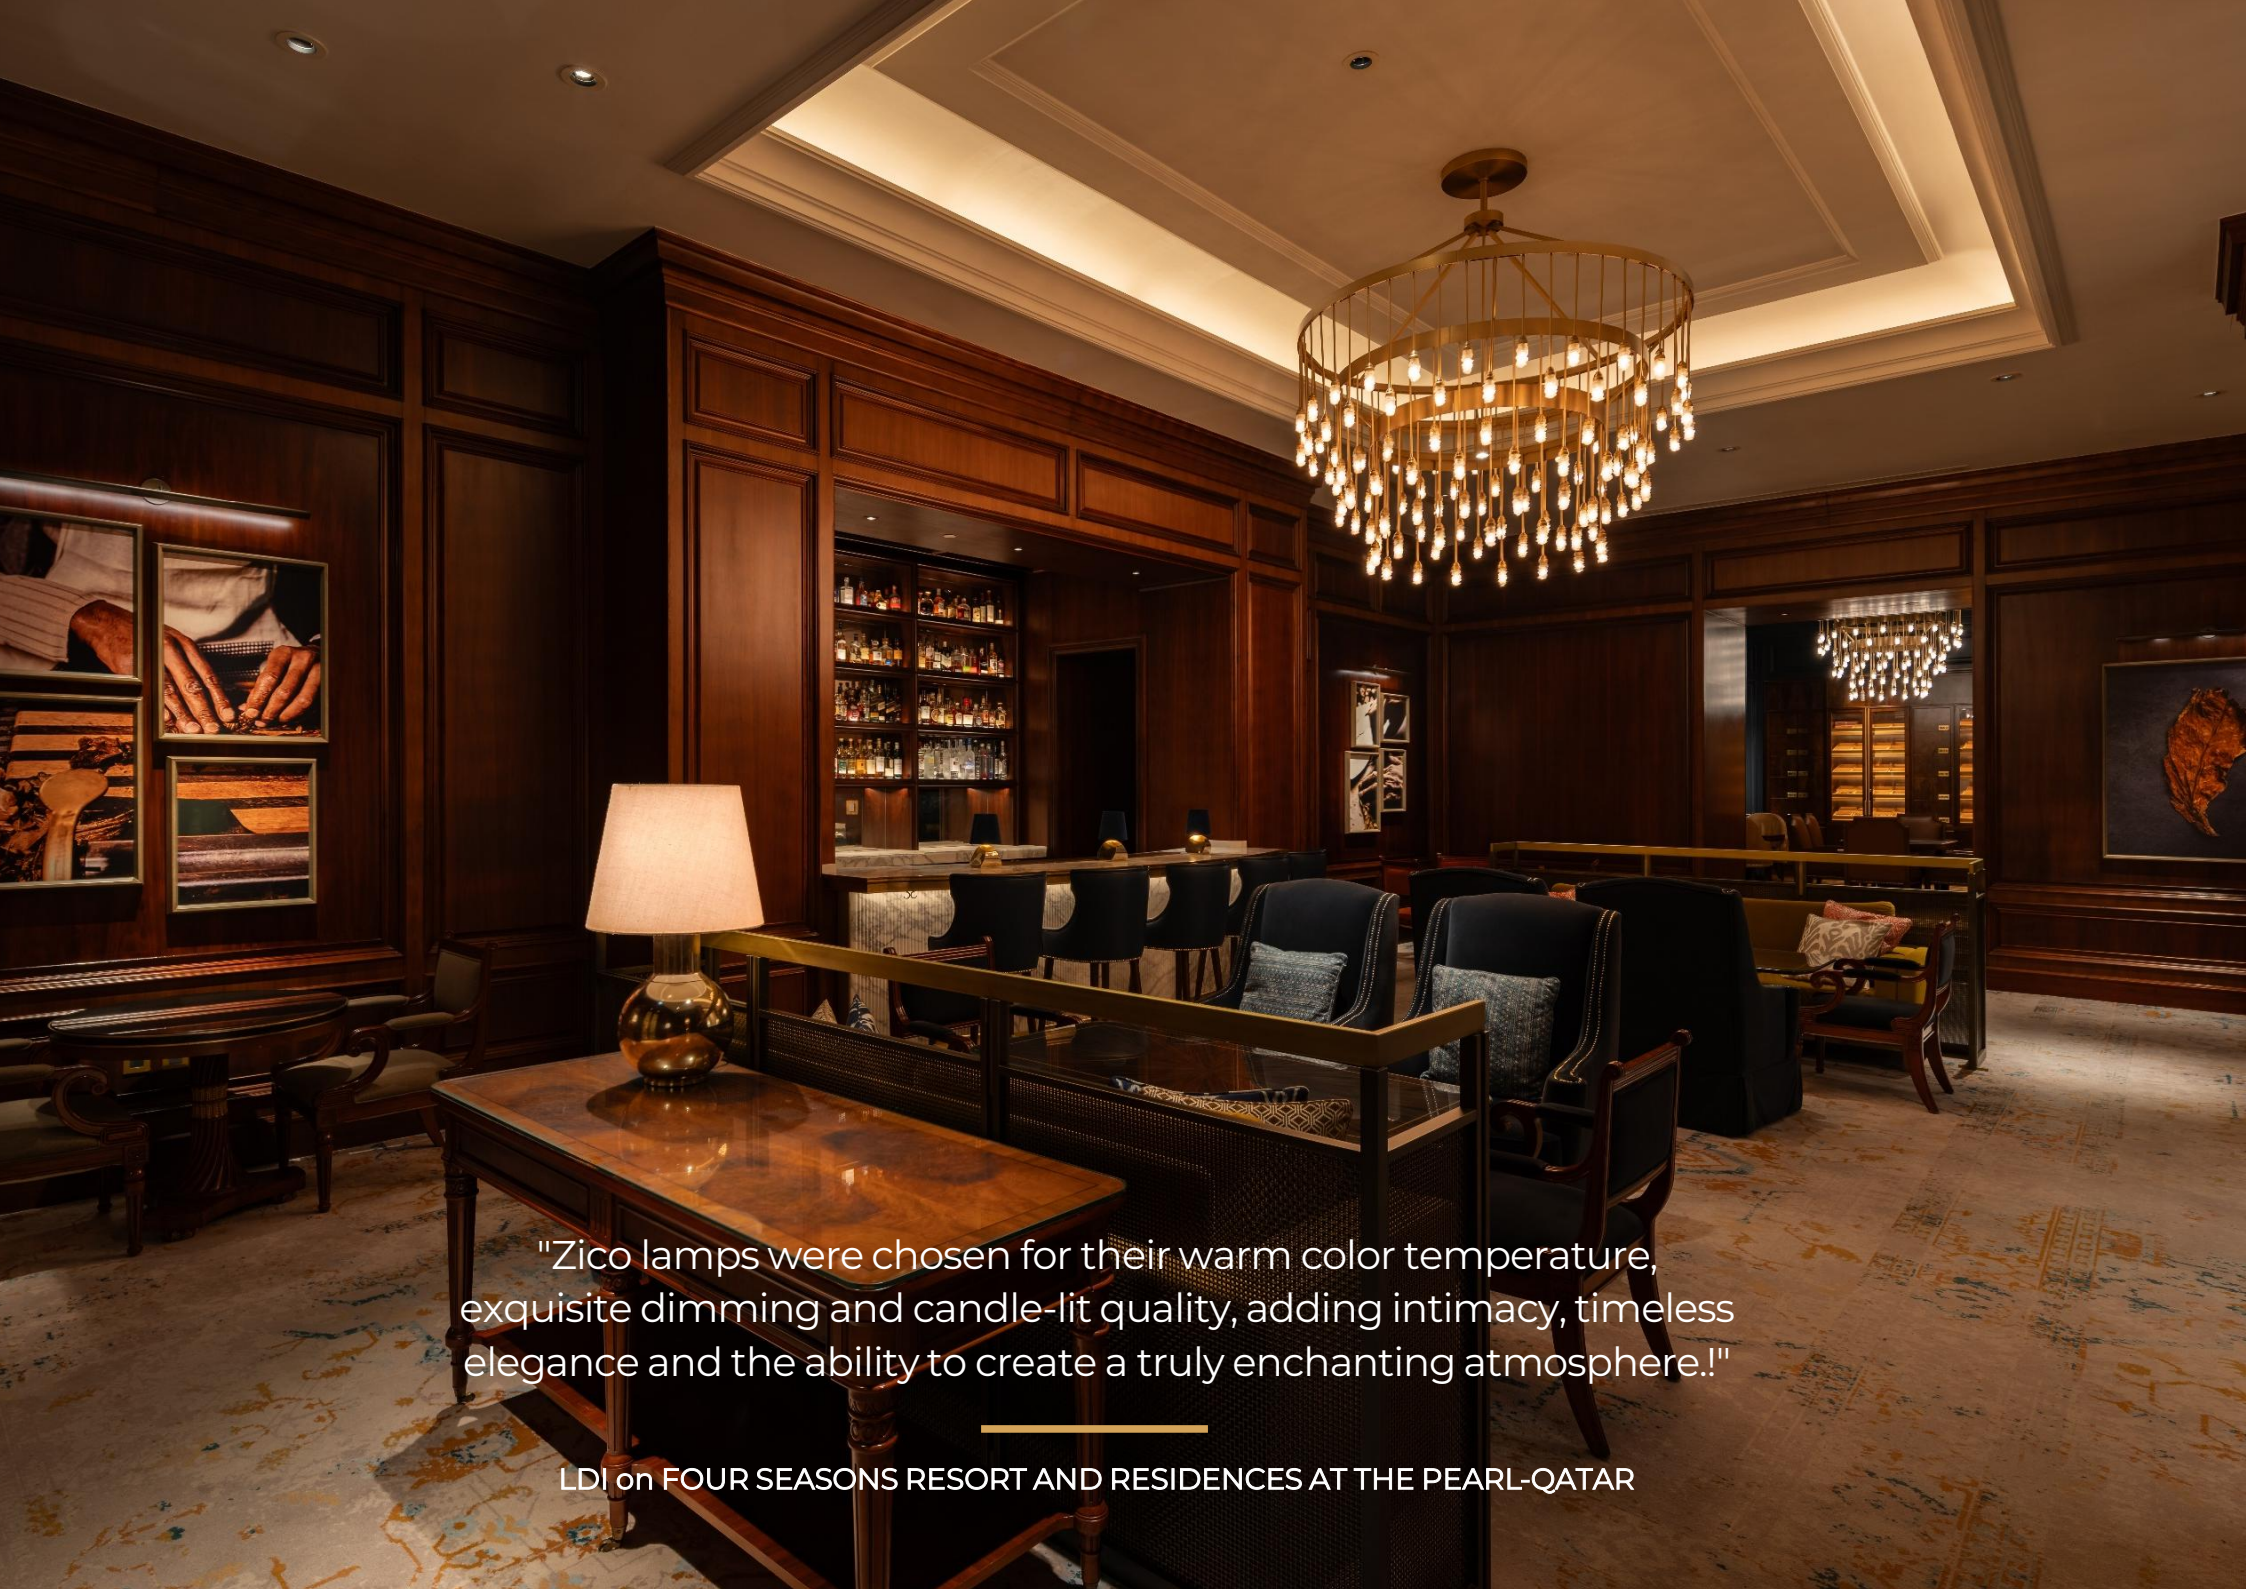

DEFINING QUALITY IN LIGHT

Founded in 2011 by lighting specialist James Miller, Zico Lighting was born from a desire to create LED filament lamps that meet the uncompromising standards of the world's finest interiors. Guided by a commitment to **quality, reliability, and craftsmanship**, our lighting can now be found in luxury hotels, acclaimed restaurants, heritage landmarks, private residences, and discerning homes around the world.

Evolving beyond our celebrated lamp collection, Zico Lighting now offers advanced lighting control solutions and the Landscape Lights series, bringing the same level of refinement and performance to outdoor environments.

Trusted by leading interior and lighting designers, architects, and private clients, we deliver complete lighting solutions that balance technical excellence with timeless elegance.

As you explore this brochure, we invite you to discover the art of illumination with Zico Lighting — where every detail is designed to elevate your space, inside and out.

"Zico lamps were chosen for their warm color temperature, exquisite dimming and candle-lit quality, adding intimacy, timeless elegance and the ability to create a truly enchanting atmosphere.!"

LDI on FOUR SEASONS RESORT AND RESIDENCES AT THE PEARL-QATAR

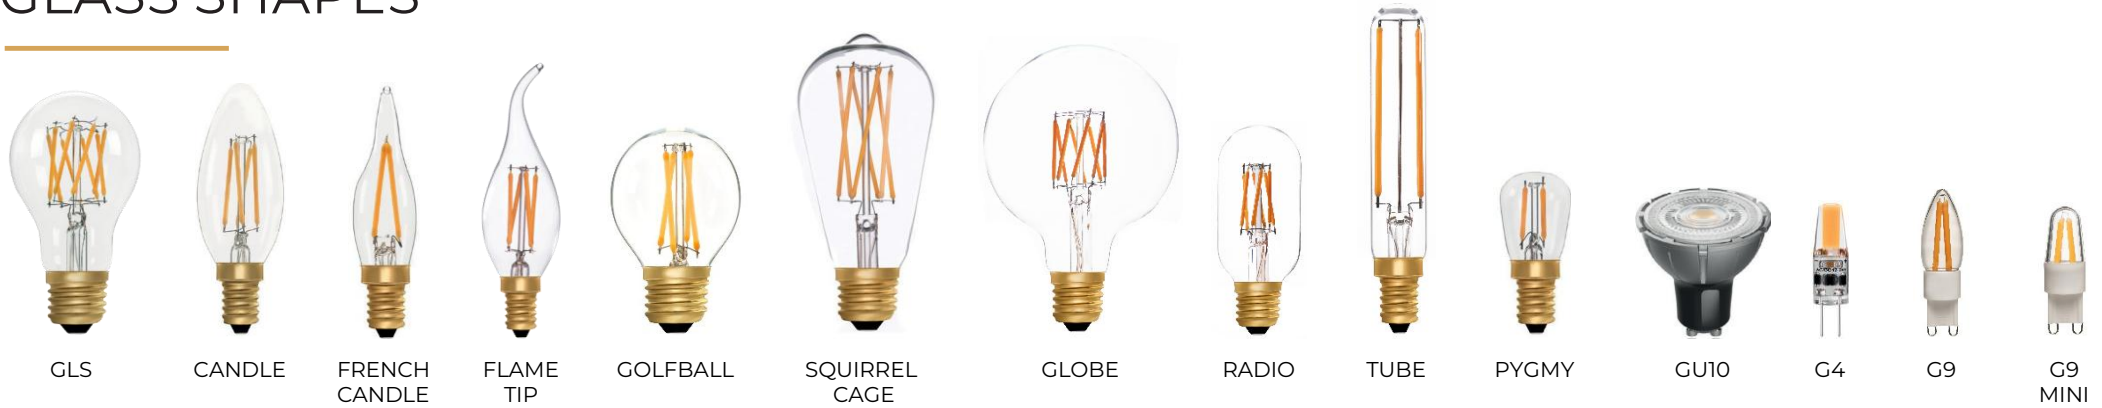

DECORATIVE LAMPS

Celebrated for exceptional quality and reliability, Zico Lighting's decorative LED lamps illuminate some of the world's most exclusive interiors — from luxury hotels and restaurants to refined private residences. Fully dimmable and flicker free, they deliver smooth, comfortable light that enhances every setting.

Upgraded in 2024, the full range now offers CRI95+ colour rendering and enhanced SDCM for colour consistency, ensuring natural, human-centric illumination that supports wellbeing. With over 120 combinations of shapes, colour temperatures, and finishes, each lamp is expertly crafted, ultra-dimmable, and backed by the Zico Lighting warranty.

DESIGNED FOR PERFORMANCE

ULTRA DIMMABLE - LEADING AND TRAILING EDGE

Zico Lighting LED lamps are built with advanced components to deliver an exceptionally smooth dimming curve, performing flawlessly across virtually all global mains dimming and control systems. Enjoy dimming to zero, just like a traditional halogen lamp.

FLICKER FREE

A commitment to superior materials and craftsmanship ensures consistently flicker-free illumination, reducing eye strain and supporting visual comfort. Ideal for wellness environments, spas, film and theatre settings, gaming and security applications, and for creating healthier, more restful light in homes and workplaces.

HIGH CRI

With a Colour Rendering Index (CRI) at 95 and above, ZICO lamps mimic the quality of natural daylight, enhancing colour accuracy and visual harmony. This human-centric approach to lighting promotes wellbeing, focus, and relaxation, making spaces feel both authentic and uplifting.

3-YEAR WARRANTY

Crafted using premium components and advanced technology, Zico Lighting lamps are built to perform and made to last. Every product is supported by a three-year like-for-like replacement warranty for total confidence and peace of mind.

PROFESSIONAL LIGHTING CONTROL

Precision-engineered in the UK, Zico Lighting Control delivers high-performance, flicker-free lighting management for demanding environments. Designed to support multiple lighting technologies, it offers smooth dimming and precise control, with options for emergency, security, and fire system integration.

Fully compatible with major switch plate manufacturers, the system integrates seamlessly into any design. Combining cost efficiency with reliability and top-tier performance, Zico Lighting Control ensures precision and consistency in every project.

Controlling light to enhance your project

Lighting Processor

- Supports up to 512 circuits and 512 unique preset scenes.
- Connectivity with DMX, DALI, PWM (12V/24V), and 0–10V analogue outputs.
- Includes IO inputs for third-party control integration, RJ45 DMX output, two 15V keypad interfaces, and optional IP or RS232 interfaces.

Dimming Pack

- Available as 8 x 4 A, 4 x 4 A, 4 x 10 A and 16 x 2A dimming / switching models, as well as a fused option.
- Flexible configuration with software-based dimming or switching per channel, plus DMX and analogue inputs for seamless integration and RJ45 DMX in/out.
- No minimum load constraints.

PWM LED Interface

- High-performance 500Hz PWM control for up to four channels of constant voltage LED lighting.
- 16 bit dimming for smooth, stepless dimming.
- Synchronised output capability for high-load circuits.

“With the launch of our Landscape Lighting range, we’re extending Zico’s commitment to quality and precision beyond interiors. It’s an exciting step that allows us to bring the same standard of craftsmanship and light performance to outdoor environments.”

JAMES MILLER, CEO

LANDSCAPE LIGHTING

Launched in 2025, the Zico Lighting Landscape collection extends our expertise into exterior illumination — combining refined design, robust construction, and technical precision. Developed for professional applications, the growing range delivers reliable, high-performance lighting for pathways, façades, planting schemes, and architectural features.

Built for durability, all fittings feature advanced LED technology for efficient, controlled illumination and are powered by a 24V low-voltage system for safe outdoor operation. With an IP66 protection rating, the luminaires are engineered to withstand demanding environments and ensure long-term performance.

Designed for specification flexibility, the Landscape range offers a coordinated suite of products that bring clarity, contrast, and atmosphere to exterior schemes — achieving the signature Zico Lighting quality now available for the outdoors.

“ZICO lamps provide the perfect finishing touch to all our decorative light fittings. Their warm colour temperatures, exceptional dimming performance, longevity, alongside the team’s outstanding customer service make Zico Lighting my trusted partner across every project.”

ZARA VAUX LIGHTING

PROJECT SUPPORT SERVICES

Beyond exceptional products, Zico Lighting can provide comprehensive planning, procurement, and installation support to ensure that every project achieves the highest standards of performance and finish. Our experienced team works closely with lighting and interior designers, and contractors, offering expert guidance on product selection, technical specifications, and system compatibility. From the earliest stages of a project, we help ensure that ZICO products integrate seamlessly within the overall lighting scheme.

Throughout procurement and installation, we coordinate supply logistics, offer practical installation advice, and assist with system setup to achieve optimal light quality and reliability. This collaborative approach allows design professionals to focus on creativity while we ensure smooth implementation and consistent Zico Lighting performance across every environment.
